cornered to our clinic.

RSVP: 720-351-2411

TLC The Littleton Clinic
9200 W Cross Dr Ste 315
Littleton CO 80123

“Mold illness can be sneaky, and symptoms may seemingly come from nowhere. Mold illness symptoms can range from low level and feel like a bout of flu you can’t shake to debilitating fatigue that makes getting through the day tough.”

-Jill Carnahan, MD, ISEAI Board Director

Mold remediator John Bohde will go over what to do if your house is water damaged and how to avoid mold exposure. John is president of The Mold Pros, a company that specializes in Eco-Friendly Mold Testing & Removal.
